Language: English Brand New Book ***** Print on Demand *****.Richard Hakluyt (1552?-1616) was fascinated from his earliest years by stories of strange lands and voyages of exploration. A priest by profession, he was also an indefatigable editor and translator of geographical accounts, and a propagandist for English expeditions to claim new lands, especially in the Americas. His most famous work was first published in 1589, and expanded in 1598-1600: reissued here is the twelve-volume edition prepared by the Scottish firm of James MacLehose and Sons and first published between 1903 and 1905, which included introductory essays and notes. Hakluyt s subjects range from transcriptions of personal accounts and ruttiers (descriptive charts of voyages) to patriotic attacks against rival nations (especially Spain). Volume 9 contains voyages to Florida, Mexico and California, and includes an account of the strange crook-backed oxen, the great sheepe, and the mighty dogs of Quivira .
