The design, prepared by the architects Woo Williams, proposes a central courtyard enclosed by residential structures of 10 stories on Washington Street and up to four (4) stories on Oak Street, Maple Place and the Parcel division line. Above-grade parking is currently planned off-site; however, if this plan proves not feasible, consideration would be given to a one-level below-grade parking garage. The scope of services is described below followed by a presentation of the budget. Subsurface Exploration Utilizing our in-house drilling equipment, we propose a total of four (4) borings to depths of up to approximately 100 feet (two borings to 100 feet and two borings to 50 feet) at the locations shown on the attached Proposed Boring Location Plan. The actual depth of each borehole will be determined in the field by our resident
