Using the Next Generation Science Standards with Gifted and Advanced Learners (Paperback)

By Cheryll Adams, Alicia Cotabish, Mary Cay Ricci

Prufrock Press, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Using the Next Generation Science Standards With Gifted and Advanced Learners provides teachers and administrators examples and strategies to implement the Next Generation Science Standards (NGSS) with gifted and advanced learners at all stages of development in K12 schools. The book describes-and demonstrates with specific examples from the NGSS-what effective differentiated activities in science look like for high-ability learners. It shares how educators can provide rigor within the new standards to allow students to demonstrate higher level thinking, reasoning, problem solving, passion, and inventiveness in science. By doing so, students will develop the skills, habits of mind, and attitudes toward learning needed to reach high levels of competency and creative production in science fields.

Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.
