Amy and Luke have survived four months in a savage land completely disrupted by the massive power outage, but this last leg of their journey will demand all of their courage as the pair navigate a desperate landscape. Now, new factions begin to take action, and sudden violence signals a change in someone's policies. As they begin this last sprint across a war-torn countryside, Luke will need to reach deep for his last ounce of determination if he intends to ever make it home alive. Learn more about Luke's past and find out some stunning truths about the government's plans for a future America. What is the endgame, and who will live to see it unfold? And finally, will Luke and Amy's love endure, or will their travels together end with a bullet? Disclaimer: Despite the relative youth of the two main characters, this is not a series aimed at the young adult crowd. This story, like the others in the series, address mature themes. This is the third book in a series that contains examples of gun violence, casual profanity, some mature sexual content, and references to drug use and underage drinking.
