This is the goddess Artemis, as seen by her modern worshipers. In this unique collection of essays, poetry, fiction, accounts of personal experiences and other forms of devotional writing, the wild one of the forest, the mistress of the hunt and the protector of young life - both animal and human - is shown to be a powerful and living goddess, just as important today as she was over 3,000 years ago in Greece, Rome, Asia Minor and other parts of the ancient world. You will be challenged, inspired, informed and entertained. Above all, you will come away with a new appreciation for this complex and dynamic deity who is, along with her votaries . Unbound.
