Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1921 Excerpt: .of the important functions of the system The purpose of this system is to supplement the present banking systems but not to supplant them Another argument against the government entering the rural financial field, will be tha it interferes with the rights of private enterprise It will be pointed out that the government is subsidizing the movement and that private bankers vannot compete then a group pf the people engaged in so basic an industry as agriculture are unduly handicapped in production because of the lack of some essential factor which other industries have, there is no argument in support of the private enterprise plea that carries any weight, if the people decide that it is desireahle to furnish aid in the interest of the public as a whole The proposed system will not destroy the private banks nor even greatly curtail their valuos of business where reasonable rates are charged and good service rendered The statement may be made that the security is insufficient to guarantee the sale of bonds The answer to this is that these bonds are instrumentalities of the government in the final analysis, and have the guarantee of the government back of them Only in the event of some extensive calamity such as droughts, flodds, or disease will there be any ultimate loss of any size In this case there is no reason why the government should not make good a part of the loss just as It now helps out...
