Reforming Theological Anthropology (Paperback)

By SHULTS

William B Eerdmans Publishing Co, United States, 2003. Paperback. Book Condition: New. 233 x 153 mm. Language: English . Brand New Book ***** Print on Demand *****. With the profound changes in today s intellectual and scientific landscape, traditional ways of speaking about human nature, sin, and the image of God have lost their explanatory power. In this volume F.LeRon Shults explores the challenges to and opportunities for rethinking current religious views of humankind in contemporary Western culture. From philosophy to theology, from physics to psychology, we find a turn to the categories of relationality. Shults briefly traces this history from Aristotle to Levinas, showing its impact on the Christian doctrine of anthropology, and he argues that the biblical understanding of humanity has much to contribute to today s dialogue on persons and on human becoming in relation to God and others. Shults s work stands as a potent effort to reform theological anthropology in a way that restores its relevance to contemporary interpretations of the world and our place in it.

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mrs. Bridgette Rau MD**

This is basically the very best publication i actually have go through until now. It really is loaded with knowledge and wisdom I realized this publication from my i and dad encouraged this publication to discover.
