## Backyard Wildlife: Diary of NeighHardcoverourhood Creatures

---

By B.G. Roy

Times Group Books, New Delhi, India, 2011. Softcover. Book Condition: New. First Edition. This delightful book brought back childhood memories of the hours and days I spent observing the ants, skinks, squirrels, parakeets and sunbirds in my urban neighHardcoverourhood. The naturalist skills I picked up from this 'idle' pastime paved the way for a career as a wildlife filmmaker years later. Many forms of wildlife manage to coexist in our backyards even today despite the rapid pace of urbanization. All that is required to enjoy their presence are a pair of sharp eyes, an inquisitive mind and a copy of Backyard Wildlife. I have no doubt that this perceptive and much needed book will bring joy to many and change the lives of a few forever. Printed Pages: 131.
